

Press Kit Boerse Stuttgart Digital

Trusted institutional-grade crypto infrastructure

Boerse Stuttgart Digital is the leading crypto infrastructure partner in Europe, offering a modular one-stop-shop for institutional-grade trading and custody solutions. Powered by Boerse Stuttgart Group, with over 160 years of expertise in financial markets, Boerse Stuttgart Digital is fully regulated and MiCAR-compliant. With more than 200 international experts working across the eight hubs in Stuttgart, Berlin, Frankfurt, Ljubljana, Madrid, Milan, Stockholm, and Zurich, Boerse Stuttgart Digital enables financial institutions throughout Europe to provide their clients with easy and reliable access to digital assets. For more information, visit bsdigital.com.

Boerse Stuttgart Digital offers fully regulated and MiCAR-compliant trading and custody solutions:

Boerse Stuttgart Digital Broker: A proven infrastructure that enables bilateral trading (OTC) of crypto for customized solutions:

- With [EUWAX AG](#) as its trading operator, Boerse Stuttgart Digital combines extensive expertise as a leading infrastructure provider for crypto with the solid capital market experience of the [Boerse Stuttgart Group](#)
- Transparent and comprehensive cost structure
- Flexibility in tailor-made integration models that enable their partners to provide clients with a personalized crypto trading experience

- High liquidity through access to multiple venues
- Mitigation of counterparty and operational risks
- Available as plug & play or whitepaper solution for institutional partners

Boerse Stuttgart Digital Exchange: Europe's first regulated exchange (MTF) for crypto trading:

- High transparency level in price determination through an open order book
- Trade surveillance with consistent and transparent rules for all participants
- Instant settlement of FIAT and crypto post-trade
- Full ecosystem spanning trading, custody, and software development services
- 24/7 German-speaking assistance from customer support, operations, & tech teams

Boerse Stuttgart Digital Custody: A MiCAR-licensed fiduciary custody solution that provides the highest security standards:

- Safekeeping, deposits, and withdrawals of crypto in a fully regulated, state-of-the-art, and highly secure environment
- Wide and increasing range of the most relevant cryptocurrencies
- Integral part of (other) Boerse Stuttgart Digital offerings and custody-as-a-service for institutional customers
- Multi-level security custody utilizing a combination of hot, warm, and cold wallets, with the majority of assets held in cold wallets to maximize asset safety
- First German crypto asset service provider to receive EU-wide MiCAR license
- ISO 27001 certified information security system and integrated insurance coverage
